#### *The E-shoot*

E-shoots	£125 - £250
----------	-------------

A pre-wedding shoot really is just that, a planned time before the wedding day that is structured and geared around an enjoyable, relaxed and fun photo session to break the ice.

### *Additional Photographer*

Weekend	£250
Mid-week	£175

We advise a second photographer when bridal and/or groom preparation shots are required. Where preparation shots are not essential, a second photographer will allow for pre wedding groomsmen shots. This offers an opportunity to photograph guests arriving before the bridal party arrives and where possible pre wedding venue shots. During group and bridal shots with the first photographer, a second photographer can capture candid guest shots prior to the wedding breakfast.

### *Photo Booths*

Booth hires	£250 - £300
-------------	-------------

We don't offer props or kiosk style as such but subject to venue space let us bring in the studio lights and we can rig up a set that's large enough to introduce some fun & frolics designed around a theme of your choice. Perfect for evening guests and/or ideal for catching up with any group shots that couldn't be scheduled in earlier.
